(30 marks)

Section A

1. W It's been four weeks since your accident, hasn't it? So tell me how you are feeling. How's the pain in your legs?

M My legs were really hurting me until last week, but that's worn off now, I'm glad to say, so has the pain in my back. My shoulder's still fairly sore, though not as bad as it was, fortunately.

W I'm pleased to hear that. Let's take a look at you, anyway.

Question Which part of the man's body hurts him at the moment?

D 【解析】题目问男士现在身体的哪个部位疼。对话中男士提到了身体很多部位,腿和后背的疼痛现在好了,肩膀还是很疼,但不及以前疼得厉害。由此可知,现在男士的肩膀疼。故选 D。

2. W How's the weather tomorrow, Andy?

M Oh, now for tomorrow's weather. The day will start showery and windy. Those winds should disappear by late morning, but the wet weather will continue until well into the evening. Although we might see some bright sunny periods between the showers early on, by midday it will be cloudy, with temperatures of no more than ten or twelve degrees centigrade.

Question What will the weather be like tomorrow afternoon?

D 【解析】题目问明天下午的天气怎么样。对话中提到第二天的天气,用了以下词语 showery(阵雨),windy(有风),wet weather(天气潮湿),sunny(晴朗),cloudy(多云)。其中上午接近中午的时间段(late morning)风停了,中午之后晴(sunny)转多云(cloudy),温度10度到12度之间。由此可知,明天下午的天气有阵雨,潮湿,阴冷(10度—12度)。故选 D。

3. M Can you tell me how much a ticket is for Saturday's performance of *Macbeth*?

W The front stalls and the circle are the most expensive at £16.50. The middle seats in the stalls cost £15 and the back three rows cost £12.50, but the view isn't so good. All seats are £10 for students.

M I'll have one in the middle, please. I'm not a student. I've got my credit card to pay for it.

Question How much is the man's ticket?

B 【解析】题目问男士的票多少钱。对话中女士告诉男士票价分布:前排和中间的座位最贵,16.50英镑。中间的座位售价15美元,后面三排售价12.50英镑,但视野不太好。所有座位学生票都是10英镑。男士告诉女士他不是学生,需要一个中间的座位。故选 B。

4. W Hi, Abbott. It's Maria. There's a really good programme you might like to watch on TV tonight—at nine. That presenter you like, the woman who films elephants in Africa—she's doing a special programme.

M Is she going back to Africa?

W Well, this time she's visiting the South Pole, to study some of the wildlife there. It looks like they had a difficult time making the programme. The weather was so bad, they couldn't fly there...it took two weeks just to get there by ship.

M That'll be interesting, thanks!

Question What's the television programme about?

D 【解析】题目问这个电视节目是关于什么的。对话中女士向男士推荐一个电视节目,并说这是他最喜欢的主持人制作的特别节目,后面女士提到这个主持人这次去了南极,所给图片中,只有企鹅是在南极生存的野生动物。故选 D。

5. M Good morning, Amy. Any news?

W Yes. I've persuaded our export manager to agree on a reduction of ten percent. He made this an exception with an eye to future business.

M Good. We certainly appreciate your making these concessions for us.

W May I repeat 15 Tunnel Drillers, specifications as shown in the technical data, at 57,000 Swiss Francs each, F. O. B. European Main Ports? Business is closed at this price.

M Yes, that's right. Shall we go over the other terms and conditions of the transaction to see if we agree on all the particulars?

Question What contributes to the discount on the price of Tunnel Drillers?

A 【解析】题目问什么导致了隧道钻孔机价格打折扣。对话开头女士就提到她已经说服他们的出口部经理同意降价10%。而经理为了将来的业务破例了一次。由此可知,隧道钻孔机价格有折扣是因为经理考虑到未来业务(合作),即 future business。故选 A。

Section B

Conversation One

M Daphne, where did your idea for the charity cycle ride originate?

W Actually, as far as the cycling's concerned, for a short period when I was 13, I cycled to school, but since then, over the course of 30 years, I'd had no interest in bikes whatsoever. But browsing through a *Soil Association* magazine, I read about the Great Organic Bike Ride and decided to participate. Why? (6) Well, it was a personal challenge, but above all it was a way of raising money for The Soil Association, which needs funds to help increase the amount of home-grown organic food. At present, just three percent of UK farmland is organic. I mean, seventy percent of our organic food has to be imported. I thought participating in the bike ride would give me the opportunity to tell more and more people about the importance of organic food production, and I thought cycling couldn't be that hard, could it?

M Tell us a little bit about the ride itself.

W Well, the ride took place in May, and the participants rode from Bilbao to Barcelona. Helen Simmons from the Soil Association who also participated brilliantly organized the UK end of the trip, but once in Spain, a specialist tour operator took over. They focus mainly on walking and biking holidays. Anyway, the participants met for the first time in the ferry departure terminal at Portsmouth. (7) Everyone kept their thoughts to themselves, but we were all thinking the same thing: did I train enough? Can I do it?

M Had you actually done a lot of training?

W It certainly felt as if I had! At the time I was preoccupied with saddle soreness. I'd done one serious practice ride in the UK which resulted in a terrible backache. It had actually prevented me from climbing on-to the bike the following day. And now I was about to ride for five consecutive days!

M So what happened when you arrived in Bilbao?

W We arrived early in the morning, getting ready to go. And we were soon able to try our bikes for the first time. (8) Apart from a minor panic attack, when I realized that the gears were different from the model I owned, I became quite attached to the new bike. The next morning we set out on a quiet cycle path to Vitoria, where we were greeted by the mayor, who provided us with a police escort through the town—then we were really on our way. (9) The route was through delightful countryside with pretty villages. The scenery seduced us into thinking that this was not going to be difficult at all. So when we arrived at the first long steep hill I realized that no training had prepared me for this. It rose to a summit of 1,100 metres. After lunch the descent was steep and dangerous. But we then cycled through vineyards.

M Presumably you were able to rest in the evenings?

W Thankfully, yes. We spent the second night in a hostel opposite a fairy-tale castle. In the evening mist, you half expected Rapunzel to let her hair down from the one and only window at the top of the tower. But we ran into all sorts of problems after that. From backache, knee ache, sunstroke, fatigue, punctures, low spirits and wrong turnings, we all suffered in one way or another. The last day was not particularly long, but hard work. I had neither eaten well the evening before nor slept well during the night, so the morning ride was quite a struggle, but Carlos, our Spanish guide, had laid out a picnic, using local organic ingredients. The food revived me. There was one more gruelling stretch before we eventually reached our destination. A feeling of jubilation began to creep over us as we cycled along, with our goal firmly in sight.

M And did you all make it?

W We certainly did—and we achieved our aim. Both companies and individuals generously supported the Great

Organic Bike Ride. This enabled us to raise over £20,000 for the Soil Association. (10) The aching limbs and patches of sunburn faded, leaving only pleasant memories, and the resolve to one day get back into the saddle.

M And is that likely to happen?

W It may well be next year. The Soil Association is thinking about another bike ride.

Conversation Two

M = Kevin Spacey W = Anjali Rao

W Kevin, welcome to *Talk Asia*. Great to have you on the show today.

M Thanks.

W The world does know you for your movie roles, and you just sort of burst onto the scene really, with usual suspects, and you got a Best Supporting Actor Oscar for it. Just take me back to that time where you went from sort of relatively unknown actor to suddenly ridiculously famous.

M It was a very gradual transition for me. It may not have felt that way if you were on the outside, but on the inside of it (11) I had been working very successfully as a theater actor for a long time and had made a name for myself in New York theater. Then I started to work in television and began to make a name for myself in television. Now, what I mean by that is that people started to recognize me. What happened after usual aspects and a number of other films I did, sort of that all came out in a span of about six months, was that I think suddenly people started to connect the dots. Oh, that was that guy from...Oh, he was in that...Oh...And then people started to actually learn your name.

W But winning a best supporting actor must have been, you know, a great time, (12) but I imagine that winning a Best Actor Oscar would have been amazing. And you did that for *American Beauty* where you played a depressed suburban dad and husband. Help me revisit that time in your life.

M You know, it was a...it's a remarkable acknowledgement from your peers. I love the industry so much, I have so much respect for so many people that both I've had a chance to work with and have yet to have a chance to work with, so that for the members of the Academy to have given me such a recognition was beyond my wildest dreams.

W Not all of your movies, though, have been so well received. *Pay It Forward* and *Life Gale* were not, you know, hits at the box office. How do you handle it when a movie that you've worked on fails? Does it particularly affect you?

M At the end of the day, (13) the only thing that I can really say about movies is that movies aren't an actor's medium, so if people are disappointed in a film, actors are just a color in someone else's painting. I mean, I can tell you quite honestly, and I think there's almost any actor who's been around for a while who could say this with absolute conviction, that sometimes you go and see a movie that you've made and you know in your heart you make a better movie than they cut. But you have no authority with which to make that change, no matter how much you might jump up and down and say "You just missed it!", (14) it's sometimes hard when movies don't turn out the way you hope, but you always go into them with the best of intentions.

W What does a role have to have, theatrical or cinematic, for you to take it on?

M Nine times out of ten, I have to really like the story, and I mean the story beyond what the particular part might offer. Sometimes, and this is certainly true. I'll read a play or a screenplay that will have a fantastic part in a really, really lousy movie. And (15) I think that I want to do movies that are gonna stand the test of time. You can't always, you know, in the end, choose right, and you can't always...every movie you do won't necessarily ignite the public. But (15) I also don't think that every movie that makes money is necessarily a good film, you know, the barometer of which is good, the barometer of what does last, I think only history can tell.

The topic of our British artists series today is Joseph Mallord William Turner. Brian Thomas is here to talk about the artist's early years.

Well, Turner is quite an interesting character. He was baptized in London on 14 May, 1775 at St Paul's, Covert Garden. (21) His father, who was a barber, had left rural Devonshire some ten years earlier to seek his fortune in the capital. He married Mary Marshall, also at St Paul's on 29 August, 1773. Both Turner's parents came from large families. Mary's elder brother, Joseph Marshall, was a butcher at Brentford, Middlesex, and the young Turner was sent to stay with him to recover from an illness around 1785. It was later reported that Marshall took care of Turner for three years. It was probably while he was staying with the Marshalls that he first went to Oxford, to visit other, more distant relatives.

Turner's general education was in the hands of a succession of teachers, one of whom was the daughter of an accomplished artist. Because of this, (22) Turner was exposed at an early age to architectural drawing, and soon began to show an interest in this field. By the age of 12 he was already making accomplished copies of prints by reputable artists. The earliest dated copy is of a subject on doubt familiar to the boy, Folly Bridge, Oxford. The bridge straddled the Thames at the southern limit of Oxford, far outside the city wall, and had been a favourite with artists because of the eccentric octagonal structure of Friar Bacon's Study, the mediaeval gatehouse, where the scientist and philosopher, Roger Bacon, who lived in the thirteenth century, was supposed to have had an observatory. (23) The print offered a challenge to the twelve-year-old artist, and Turner acquitted himself well. His inability to conceive of the whole is characteristic of the child, but the components are carefully drawn, and he triumphantly signed and dated his copy on the stones of the riverbank, 'W. Turner 1787'.

(24) In the summer of 1789, Turner took a sketchbook on his first landscape sketching tour; he was only fourteen. The aims were modest: to record the appearance of the local landmarks. His efforts resulted in the most remarkable collection of sketches, some of which he worked up to a finished water-color. There is evidence of what Turner was like at this awkward age, too. Unlike many of his contemporaries he was said to be silent, and devoted to drawing. He didn't like the theatre, and had no talent whatsoever for music.

Turner applied to study at the Royal Academy Schools, and was admitted in 1789. The teaching would have concentrated on life drawing and copies of the old masters, and records show that Turner attended classes once or twice a week, and was a diligent student. The immediate result of the beginning of Turner's artistic education was that, (25) when the annual exhibition of the Royal Academy opened in April 1790, it included a water-colour by the fourteen-year-old artist. After this, there was no stopping the young Turner. His output between 1795 and 1800 was prodigious and produced some of the most famous of his works which we can still admire today.

44. lies

解析 该句的意思是“原因_____大脑的微妙性,以及自我调整的必要性”。空格处所在句子缺少动词,故空格处应填入动词,主语是 reason (原因),空格后是介词 in,而动词 lie 与 in 搭配意为“(原因)在于”,故填入 lies。

45. What

解析 该句的意思是“积极思考的关键是把积极的事情安排到积极的事情上”。空格处所在句子有两个 be 动词(is),根据判断,第二个 is 是主句中的,第一个 is 所在句子是主语从句,空白处填入的应该是引导主语从句的引导词,且该引导词在主语从句中作主语,结合备选项,故填入 What。

Section B

46. which

解析 该句的意思是“这是一份礼物,没有_____就没有埃及,只有一片焦土”。空格前为介词,空格后是完整的句子,故空格处填入的是关系代词,引导定语从句,该处是介词+关系代词引导的定语从句,由于关系代词指物(即 gift),故填入 which。

47. provides

解析 该句的意思是“尼罗河灌溉玉米作物和柑橘果园,并为牛群和人们洗衣_____水”。空格前的 and 连接的是两个并列动词,第一个为 irrigates,故空格处填入的也是动词,而且用第三人称单数形式,根据空格后的搭配介词 for,以及提示字母可知,该处填入 provides。

48. higher

解析 该句的意思是“每年七月发洪水的时候,当地人就搬到_____居住,一直到三个月后洪水退去”。空格处前面的 to 是介词,空格处后是名词,所以空格处填入的是形容词,根据句意,当地人搬到更高处,这里是与当地人的原居住地进行比较,故填入 higher。

49. centuries

解析 该句的意思是“几个_____以来,没有人知道它的起源,……”。空格处前面是介词 for,根据提示字母,该处是 for + 一段时间,故填入 centuries。

50. by

解析 该句的意思是“……入侵非洲心脏的人往往不_____当地人的欢迎”。空格处前面是被动语态,空格后的 natives 是动词 welcome 的发出者,故填入 by。

Section A

51. C

解析 该段中作者提到,早期的电脑市场,有很多竞争品牌,消费者无法判断哪种牌子的质量好,他们往往会选择名字简单易记熟悉的,比如 Apple。作者举的例子是为了说明,产品的名字必须简单易记且熟悉,备选项中 C 的意思是“要有影响力,名字必须容易记住”,符合语境,故选 C。

52. D

解析 空格后的句子提到,“它”不应该听起来像任何其他产品的名字,这里的“它”指的是“产品名称”,接着作者举例说明有些产品名称很相似,消费者容易搞混淆,结合上下文语境,备选项中 D 的意思是“产品名称应该是唯一的”,符合题意,故选 D。

53. F

解析 该段中作者提到,产品名称听起来像另一个具有积极意义的描述性词语。接着作者举例,止痛药 Aleve 听起来像“缓解”,创可贴(一种小塑料绷带)包含“aid”这个词等等。这些例子说明产品名称应该包含积极的词语,备选项中 F 的意思是“有效的名字还包括积极和吸引人的词语或部分词语”,符合题意,故选 F。

54. A

解析 该段中出现了很多字母,作者给出相关调查结果,为了说明产品名称中的字母很重要,因为人们对不同字母会有不同的反应。备选项中 A 的意思是“名字里面的字母也很重要”,符合语境,故选 A。

55. B

解析 该段中,作者提到,很多单词有它隐含的意思,比如“大象”,暗示“行动迟缓、肥胖、吃得很多”,所以汽车制造商不用此名字,比如名为 Aids(帮助)的减肥产品,但当 AIDS(艾滋病)成为一种全球性的严重疾病后,这种产品就消失了。这些名字会让人产生不好的联想,备选项中 B 的意思是“名字不能在消费者心中产生负面的联想”,符合题意,故选 B。

Section B

56. They regarded the actor as one of them/someone belonging to their group.

解析 题目问的是为什么第一组的抗议者更有可能帮助这个演员。由题干中的 protestors 和 actor 定位到第一段,该段提到一个实验,研究人员将一名演员装扮成反战示威活动的一名抗议者,让他假装病得很重,结果他得到了其他抗议者的帮助;后来研究人员又给他重新装扮了,和抗议者看起来不同,再次让他假装病得很重,但这一次无论演员怎么装病,没有任何抗议者愿意帮助他。在该段最后,作者提到根本原因:他似乎不再是“他们中的一员”。由此可知,第一次表演中,抗议者将这名演员视为自己当中的一员,而在第二次表演中,由于他的装扮不同,抗议者并没有将其视为他们中的一分子,所以没有施救。由此可知本题答案。

57. It means something that is naturally built into the brain.

解析 题目问的是第二段中的 hard-wired in the brain 是什么意思。由题目内容定位到第二段下划线处,这里的 hard-wired in the brain 是指 this tendency,前一句提到,“这种偏见在世界各地的文化中都有记载”,由此可见范围之广,后面作者举例提到一个时间点即“人类历史早期”,由此可见时间之久,从这种 tendency(倾向)的“范围之广”和“时间之久”可以推断出,这里是说它(tendency)已经在大脑里根深蒂固了,就像生长在大脑里的一样。由此可知本题答案。

58. Through confirmation bias.

解析 题目问的是人们的刻板印象以什么方式得到强化。由题干中的 stereotypes 和 reinforced 定位到第三段倒数第三句,该句提到,刻板印象一旦确立,就会因证实偏见而强化。由此可知本题答案。

59. Getting them to engage in activities which improve their self-esteem results in a reduction in negative views towards outside groups.

解析 题目问的是根据文章,人们如何降低对外人的偏见。由题干中的 prejudice 和 outsiders 定位到倒数第二段,研究人员通过实验得出结论:偏见被用作一种维护自尊的方式。接着,在随后的研究,研究人员发现,仅仅让人们参与能提高自尊的活动,就能减少对外来群体的负面看法。由此可知本题答案。

60. If I am different from you, instead of treating you unfairly, I'll help you.

解析 题目要求对最后一段中的名言“If I differ from you, far from wronging you, I enhance you.”进行释义。释义时可以从同/近义词,上下文语境入手。原句的 differ from 指“不同于”,可以用形容词形式 be different from 替换, far from 意为“远非;完全不”, wrong 作为动词,意为“冤枉;不公正地对待”。由此可知本题答案。

Section C

61. horse whispering

解析 文章首段首句,露丝·雷丁参加了一个管理培训课程,接着作者解释了这是什么样的一种课程,至于课程名称,在该段的最后一句,作者提到,“驯马耳语”是许多不同寻常的活动之一,现在被用来教授员工从自信到沟通等工作生活的方方面面,该处的“驯马耳语”指的就是此课程。因此,应填入 horse whispering。

62. fashionable/innovative

解析 文章第二段开头提到,在20世纪80年代和90年代,流行一种做法,把高管们丢到偏远的山腰上,或被风吹拂的苏格兰小岛上,让他们熬过一个周末,以培养主动性,建立团队精神以及提升领导才能。该句中作者用了一词 fashionable 来评价这种管理培训方法。因此,应填入 fashionable/innovative。

63. psychological theories

解析 文章第三段提到,新一代管理培训大师正在采用一种不同的方法。该段最后一句,新课程的创始人声称有被广泛接受的心理理论作为支持。也就是说,现代管理培训课程的基础是心理理论。因此,应填入 psychological theories。

64. trust

解析 文章第四段第五句提到,成功和不成功的领导者之间的区别通常在于信任。因此,应填入 trust。

65. better way

解析 文章最后一段最后一句提到,尼克·艾尔斯认为,在工作场所进行持续的培训,或持续数月的课程,是一种更好的改进业务方面(如生产力和客户服务)的方式,原文中的 improving aspects of business 对应题目中的 improving management ability。因此,应填入 better way。

66. 习语“hearth and home(火炉与家)”,象征着传统的家庭价值观和家庭生活,直到大约五十年前人们常常把这个习语挂在嘴边。如果这个习语现在还有人使用的话,为什么用的这么少呢?这到底意味着什么?几乎可以毫不夸张地说,在人类的整个历史中,上自远古时期,下至近代,火炉一直是家庭最重要的中心。从洞穴到民居,到城堡,到豪宅,在每个家庭,火一直都是温暖的中心。

句式分析

1. 第一句较长,为主系表结构。主语后面的 a symbol of traditional family values and home life 作主语的同位语, a phrase commonly on men's lips in times 意为“人们常常挂在嘴边的习语”, until about fifty years ago 是时间状语,意为“直到大约五十年前”。

2. 第二句是个特殊疑问句,使用了被动语态。破折号中间的 if at all 是一个短语,意为“如果有的话”。

3. 第三句也是个特殊疑问句。implication 意为“含义;意义”,翻译时可以使用词性转换,处理为动词,即翻译为“意味着什么”。

4. 第四句较长,是一个特殊句型。It's hardly too much to say that...意为“几乎可以毫不夸张地说,……”破折号中间的内容是对 the whole of mankind's history 的解释和说明,也是 that 引导的宾语从句的时间状语。

implication *n.* 含义

mansion *n.* 豪宅

Section B

67. In schools, with the continuous increase in the class hours for PE, more young students are not only having classes in the classroom but also doing sports on the playground. More than 37 million rural students at the compulsory education stage have benefited from the government's student nutrition improvement program, and their physical health has markedly improved. In 2018, 92 percent of students aged 14-19 passed the physical fitness test, and the proportion of those rated good or excellent continued to rise. In communities, young people actively participate in mass sports like running, swimming and various ball games.

句式分析

1. 第一句较长。“随着……的持续增加”译为 with the continuous increase in..., 句中的“既……也……”译为 not only...but also..., 连接的分别是“在课堂上”和“在操场上进行体育运动”,“上课”和“进行体育运动”分别译为 have classes 和 have/do sports。

2. 第二句也较长,两个分句可以使用 and 连接。前半句中的“农村义务教育学生”可理解为“义务教育阶段的农村学生”,译为 rural students at the compulsory education stage,“受惠于”可译为 benefit from,“学生营养改善计划”可译为 student nutrition improvement program,“政府开展的”是“学生营养改善计划”的定语,有两种译法,第一种译为前置定语 the government's,第二种译为后置定语 carried out by the government;后半句中的主语“身体素质”可译为 physical quality/fitness/health。

3. 第三句也是用 and 连接两个分句,注意时态用一般过去时。前半句“14岁至19岁青年学生体质达标测试合格率达92%”翻译时可处理为“92%的14岁至19岁青年学生通过了体质达标测试”,这时的主语由原来的“合格率”变为“(14岁至19岁)青年学生”,由于前面有年龄限制,翻译时可省译“青年”二字,“体质达

标测试”可译为 the physical fitness test。后半句较短,“优良率”指的是“被评为好的或优秀的比例”,可译为 the proportion of those rated good or excellent。

4. 最后一句较为简单。“群众性体育运动”可译为 mass sports,“各项球类运动”可译为 various ball games。

Part VI

68. if he were the last man alive.

解析 题干要求将下划线的单词正确排序以完成对话。A: 你会嫁给他吗? B: 我不会嫁给他_____。下划线部分是 if 引导的从句, 根据前面主句的时态可知, 该句是 if 的虚拟语气用法, 表示对现在情况的虚拟, if 从句中 be 动词用 were, 根据排序及语义可得出答案。

69. LMOP.

解析 题干意为“哪一组字母很奇怪?” 该题要求我们找出不同于其他组的字母。根据观察可以发现, LMOP 这一组第二个和第三个字母之间隔了一个字母 (即 $LM < N > OP$), 其他字母都是连续不间断。而其他组字母的第一个、第二个和第三个字母之间都相隔一个字母, 如 $K(L)M(N)OP$, $J(K)L(M)NO$ 等等。因此, 答案为 LMOP。

70. 28

解析 60 个学生测试, 成绩从 0 分到 100 分不等。只有 21 个学生成绩高于或者等于 80 分。请问所有 60 个学生的最低平均分是多少。这是一道数学题。平均分等于总分除以总人数 60, 根据题干中, 只有 21 个学生成绩大于等于 80 分, 剩下 39 个学生成绩在 0 到 79 分之间, 最差的情况是这 39 个学生都是 0 分, 所以最低总分是 $21 \times 80 + 39 \times 0$, 即 1680, 再除以总人数 60, 得到答案 28。

71. 131

解析 题目问的是逻辑上看什么数字可以替代图形中的问号。观察前面两个图形可以找到规律, 即中间的数字是周围数字的平方之和, 如 $49 = 2^2 + 3^2 + 6^2$ 和 $105 = 8^2 + 5^2 + 4^2$, 因此问号处对数值为 $1^2 + 7^2 + 9^2$, 即 131。

72. D

解析 题目问的是哪一种图形应该替代问号处。通过观察发现, 所有的图形都是由 5 节构成, 另外观察题目中的第一、二个图形可以发现, 这两个图形的第 1、3、5 节是左右对称, 而第 2 和 4 节是相同的, 因此可推, 第三个图形和选项中的某个图形也满足上述条件, 即第 1、3、5 节左右对称, 第 2 和 4 节相同。因此, 答案选择 D。

Part VII

Error Correction

(10 marks)

73. clear→clearly

解析 该句的意思是“他们不知道如何改善视力, 让眼睛看得清楚, 也不知道如何提高耳朵听力”。see 指“看得见”, 在此处是不及物动词, 而 clear 是形容词, 意为“清晰的, 清楚的”, 应该用 clear 的副词形式来修饰动词 see。因此需将 clear 改为 clearly。

74. inconvenient→inconvenience

解析 该句的意思是“这些缺陷对早期人类来说不仅带来不便, 也对他们的生存构成了威胁”。该句是个并列句, 后半句的表语 (a threat) 是名词, 前半句的表语也应该是名词, 前半句中冠词 an 后接名词, 而 inconvenient 是形容词, 意为“不方便的”。因此需将 inconvenient 改为 inconvenience。

75. people ∧ develop→to

解析 该句的意思是“随着时间的推移, 生存的动力促使人们开发出能够修复身体缺陷的设备”。该句有多个动词, 根据句意判断出 lead 是谓语动词, lead sb. to do sth. 意为“促使某人做某事”。因此需在 people 和 develop 之间加上 to。

76. became→came

解析 该句的意思是“不久, 眼镜在意大利开始普遍使用”。become 与 into 无搭配, 而短语 come into use 意为“开始被使用”。因此需将 became 改为 came。

77. object→objective

解析 该句的意思是“最早的镜片的目的是帮助人们看到近距离的东西, 这样他们就可以做雕刻或缝纫之类的工作”。object 释义多为“对象”“物体”, 在表达“目的”时, 倾向于抽象概念上的“目的”; 而 objective 的释义多为“目的”, 是一种具体的“目的”。因此需将 object 改为 objective。

78. being

解析 该句的意思是“在 18 世纪, 这两种类型的镜片被组合成一副双焦点镜片, 所以同时是患有远视和近视的人只需要一副眼镜”。该句中的时间状语 In the 18th century 确定了时态是一般过去时, 而原句用的是过去进行时。因此需将 being 去掉。

79. clip→clipped

解析 该句的意思是“早期的眼镜是通过制作眼镜的硬金属丝的张力固定在手或夹在鼻子上”。原句使用的是被动语态, or 连接的 held in the hand 和 clip on the nose 结构要相同, 因此需将 clip 改为 clipped。

80. to→until

解析 该句的意思是“直到 19 世纪, 用眼镜脚把眼镜挂在耳朵上的现代镜框眼镜还很少见”。介词 to 除了用于短语 from...to... 可以后接时间点之外, 不接时间或时间点。根据上下文语境可知, 该处表达一种新事物 (即带眼镜脚的眼镜) 直到 19 世纪才变得常见, 因此需将 to 改为 until。

81. wide→widely

解析 该句的意思是“如今,也有其他的选择,但仍然没有得到广泛使用”。该句 but 后的谓语部分是被动态,且 but 后省略了 they were,副词修饰被动态时,放在助动词 be 动词后和过去分词之前,因此需将 wide 改为副词 widely。

82. where→which

解析 该句的意思是“世界上只有一小部分需要视力矫正的人选择隐形眼镜,这种眼镜位于眼睛表面”。这句话考查非限制性定语从句,where 引导定语从句时,先行词指地点,且 where 在从句中充当地点状语;而原句中的先行词是 contact lenses 指物,引导定语从句的引导词在从句中充当主语,因此需将 where 改为 which。

College is Worth It

This chart highlights differences of unemployment rates and earnings by educational attainment in 2016. As the chart makes clear, those with a four-year degree or more have more secure jobs and earn more.

According to data from the US Bureau of Labor Statistics, workers age 25 and over who have less education than a high school diploma had the highest unemployment rate (7.4 percent) and lowest median usual weekly earnings (\$504) in 2016 among those at all education levels. As education attainment increases, the unemployment rate drops from 7.4% to 1.6% and their usual weekly earnings rise from \$504 to \$1,664, with workers with professional degrees topping out at \$1,745.

Overall, workers with graduate degrees have the lowest unemployment rates and highest earnings. More education leads to better prospects for earnings and employment. College is worth it.

Public Security Trumps Personal Privacy

In present-day society, public security, is inevitably assumed to be far more important than personal privacy. The safety of the public should be upheld irrespective of individual privacy to conceal information that could undermine the well-being of the public. Let's take security cameras in public for example.

Nowadays, cameras are installed in many public places, such as shops, banks, and important institutions. The purpose is to deter and identify criminals so as to increase sense of safety and security. People are afraid to commit crimes because they know that they are being watched, which often makes them changing their minds at the last moment. It is much easier to catch a thief today with the help of electronic surveillance. Besides, security cameras are an effective way to keep tabs on loved ones, children, and even elderly people in poor health. Cameras that provide two-way communication allow you to visually inspect them and make instant audio communication if necessary.

To sum up, public security is more vital than personal privacy.

Section A

1. W Mark, you speak 7 languages.

M That's right.

W Is there any little word of encouragement you could offer those poor souls who are trying to master a language?

M Um...that's a tricky one. What I would say is that knowing how to read and write a language doesn't mean you can speak it. You really have to get out there and try to speak at every opportunity. Take risks. Don't be afraid to look stupid because that's the only way you're going to learn and everyone has to start somewhere.

Question What is the best way to learn a language according to Mark?

D 【解析】题目问马克认为学习一门语言的最好方法是什么。对话中,马克提到,要走出去,抓住每一个机会说(语言)。由此可知,这是马克认为学语言的最好方法。故选 D。

2. W Good morning. I lost a pair of black leather gloves at the theatre last night but I'm not sure where. I know I kept them with me when I left my coat in the cloakroom.

M We found a pair this morning under one of the seats.

W Oh, now I remember. I put them on my seat when I went to the coffee bar during the interval. They probably fell on the floor when I came back.

M Well, you can collect them from the ticket office at any time.

Question Where in the theatre did the woman leave her gloves?

C 【解析】题目问女士把手套放在剧院的什么地方了。对话中,女士提到,幕间休息时自己去咖啡厅的时候把它们放在座位上了。由此可知,女士把手套放在剧院的座位上了。故选 C。

3. M Did you see that sign for a new house in development just down the road on the right hand side? I can't believe they're building even more houses. Soon we won't even have a speck of greenery around us.

W Well, people have to have somewhere to live. I don't really see how you can object. After all, young people need housing.

M Look, it's got nothing to do with providing essential housing for young people. No young people could afford to live there. Have you seen the kind of prices they'd be charging? No. It's got more to do with property developers making a big fat profit.

Question What do the speakers disagree about initially?

A 【解析】题目问说话者最初对什么有不同意见。对话中,男士对继续建造房子的事情表达不满,女士认为年轻人需要住房,对男士的不满表示不理解。由此可知,男士和女士在“该地区是否需要更多房子”这一问题上持不同意见,故选 A。

4. M What about our flight then? Shall I book the tickets on the internet? Or do you want to go to a travel agent's?

W Well, actually I've already been to the travel agents and got some prices. They can offer us a better price than anything I've seen on the internet.

M Great. Well, let's make a decision and then go ahead and book. We could phone them, couldn't we? Or is it better to pop in?

W I prefer not to phone because I want to pay in cash.

M Okay.

Question How will the speakers book their plane tickets?

C 【解析】题目问说话者将如何预订机票。对话的后半部分,男士问是打电话给旅行社还是直接去,女士表示不想打电话,因为她想要现金支付。由此可知,他们最终会去旅行社现场预订机票,故选 C。

5. M Sarah, what is Online Now?

W Basically, we want to achieve a networked nation. So Online Now is a campaign to get at least 95% of the population online in the next two years.

M Why such a rush?

W We have to rush because we're just being flooded with data. Every single day, for example, at the end of most advertising, it's get a special deal online. So we can't wait because society is splintering as we speak. I don't want to live in a community where a huge number of people are being excluded from the conversation that everyone else is having.

Question Why does Sarah want to increase internet use so urgently?

B 【解析】题目问为什么萨拉如此迫切地想要增加互联网的使用。对话中。面对男士的提问,女士回答必须赶时间的原因是他们简直接被数据淹没了,并且进行了举例说明,后面又提到他们在说话的时候,社会就在分裂。由此可知,萨拉如此迫切地想要增加互联网的使用是为了防止国家因互联网的使用而分裂,故选B。

Section B

Conversation One

W What's it like setting up a company with friends? Well, we've all seen friends falling out. Take some of the famous rock bands, for example. I must say, though, that for us it was quite the reverse. (6) I believe trust is the most efficient thing in business terms. It means you don't need to keep checking up on people. You see, the four of us have been mates since university days, and there's amazing alignment in our values and ambitions.

M Yet our skills are complementary. As a result, (6) there was no disagreement when it came to deciding who should focus on which areas, such as retailers, operations or consumers, because it was self-evident. Actually, I'm in awe of people who set up a company on their own. How they encompass all those aspects is a mystery to me.

W But coming back to our company, it certainly is a great place to work. (7) We pride ourselves in having an open and cooperative culture. Whether we can take any credit for that, I'm not sure. I think it's all down to the staff. What we made a point of at the beginning was only to select people we liked and whose values chimed with those of the business. After that, you could perhaps say it's a belief in the importance of making a healthy product to enhance customers' well-being. I wouldn't want you to think that it's all fun and games, though. In line with current thinking, there's a tough performance management system. Everyone's assessed regularly against a number of objectives, and the results are linked to pay increases.

M Personally, it took me ages to be able to arrive at work on a Monday without imagining all sorts of disasters, you know, like crowds of angry customers or a bankruptcy notice. (8) As for how I feel about running the company now, it's still a very demanding business, and it's like being on a roller coaster with its ups and downs. That's where the buzz comes from, though.

W Strangely, (8) I reckon it would be boring if everything were on an even keel. You'd stop trying.

M And we all make mistakes, don't we?

W Absolutely. As the company's grown, we've made some bad choices when recruiting senior people. We interviewed someone with a fantastic CV, an MBA and loads of relevant experience, and assumed he'd be great, but neglected to check whether he'd fit in with the ethos of the company and the existing team, and he didn't. Another one was perfect in that respect, but had never held a top post. I tried to kid myself that with good mentoring he'd get there, and so I kept him on too long. I should have realized from the outset that he was wrong for the job. (9) One thing was clear, though, it was our fault, not theirs.

M (10) But we've managed to hold our own against the corporate giants who are our major competitors. There's a number of reasons why. First, the concern we express about wholesome food, and getting our fruit from reliable sources, strikes a chord with many consumers at the moment, so our juices tick those boxes.

W Then, our market's straightforward and transparent, even down to using very basic clear bottles so the juice can be seen easily on the shelf.

M And it doesn't come with the usual hype and polish, since we do it all in-house, without employing the services of an ad agency to design a trendy image.

- W Customer research is done in a similar way too. We take samples of new blends round events like music festivals and food fairs, and get feedback that way, so people feel directly concerned.

6. C 【解析】对话开头,女士表示信任是商业中最有效率的东西。这意味着你不需要一直检查别人。接着女士举例她们四个朋友从大学时代起就是伙伴,价值观和抱负惊人的一致,正因为如此,在决定谁应该关注哪些领域(比如零售商、运营还是消费者)时,没有任何分歧,因为这是不言自明的。根据女士的举例可推断,和朋友一起工作节省了时间和精力,故选C。

7. B 【解析】对话中,女士以拥有开放合作的文化而自豪。但女士认为这是员工评判的问题。女士所在的公司一开始就强调的是只选择她们喜欢的人,选择价值观与公司的价值观一致的员工。由此可知,现在公司的积极文化主要归功于公司在一开始招聘时的某些标准,比如只选择价值观与公司价值观一致的人员,故选B。

8. B 【解析】对话中,男士谈到现在对管理公司的感受,认为这仍然是一项要求很高的业务,就像坐过山车一样起伏不定。不过,这就是公司忙碌而有活力的来源。女士也表示同意男士的观点,认为如果一切都是平稳的,那就太无聊了。人们会停止尝试。由此可知,两人都喜欢工作中的挑战,故选B。

9. C 【解析】对话中,女士在描述过去的人事错误后表示,“有一点是明确的,那就是这是我们的错,不是他们的错”。由此可知,女士认为要明确招聘的错误是自己的问题,而不是被聘人员的问题,也就是说,要承认这一点。故选C。

10. D 【解析】对话中,男士提到他们已经成功地在与自己的主要竞争对手企业巨头的竞争中站稳了脚跟。原因有很多。第一个原因就是他们对健康食品的关注,以及从可靠的来源获取水果,目前引起了许多消费者的共鸣,所以他们的果汁符合这些标准。由此可知,他们重视符合市场趋势的产品原料。故选D。

Conversation Two

M (11) Juliet, do you think we underestimate the general ability of the brain, even today?

W (11) No doubt about it. And in the same way as in the past we underestimated the capacity of memory. It applies to every sphere of life, but especially to academic subjects. Take mathematics for instance. It was always assumed that some people were basically capable in mathematics and that others weren't, no matter how much assistance they were given. But we now know better.

M A bit late for some of us who failed miserably in maths tests, I have to say. But to take up Juliet's point, we do now realize that the brain has an almost limitless capacity, and that ranges over all subjects, including the so-called sciences and arts, although the distinction between these two groups of subjects is not always that clear.

W Yes, (12) research on the left and right halves of the brain has also shown that each of us has a mathematical brain, and an imaginative brain, and that our potential in each is fundamentally equal. Any disability that we may or may not have is probably due to our leaving that area of the brain unattended or unused if you like, rather than to any inherent fault in the working of the brain.

M Hmm, but you know, (13) a weakness in maths can also be the result of early ability being dampened in some way. I know of one particular case which happened in a school maths lesson. One six-year-old boy could always give his teacher answers to maths questions the minute the teacher had finished asking the question. The boy never wrote anything down, and as a result he was told he was doing wrong.

W Actually I remember that case. He was the one who came to class and said he was using moon numbers to do the calculations in his head, wasn't he?

M That's the one, yes. The other parents actually complained that the entire class was being dragged along too fast, and the other children were unable to keep up. But we shouldn't be put off by stories like this.

W To be fair though, there are some tricks that can help you cash in on that mathematical potential. One that's certainly helped me is a pencil. If you've ever seen an expert mathematician or accountant adding columns of numbers, you've probably noticed that they guide their eyes down the columns using a finger or a pencil. (14) It helps the eyes maintain direction and concentration.

M Actually, another thing I found useful, and I've tried to teach other people to do, is play mathematical games. My favorites are double or half. For example, you write a number on a piece of paper and throw it to your partner, say 33, and your opponent has to throw back 66. Or you throw 96, and he has to throw back 48. You can get quite quick at thinking what the response is if you practice enough, or if you can find anyone to play with you. There are all sorts of ways of scoring, but I think it's just better to enjoy the back and forth excitement of the increasing speed you can work up to.

W There's no doubt that games like these really can motivate people. (15) I wouldn't recommend scoring either, by the way. The game's really just another way of proving to yourself that your brain really is capable of doing far, far more than you think.

16. Shoppers in the UK are having to hunt around to find supplies of fruit and vegetables. Britain's major supermarkets are rationing produce like cucumbers, peppers and tomatoes amid shortages from suppliers. The big chains have cited various reasons for the shortfall in supply that has left shelves bare in green grocery aisles. Britain's biggest supermarket chain, Tesco, attributed its shortages to adverse weather overseas. In particular, it said a drought in Morocco had led to poor yields. Other factors are being blamed for the rationing. Britain's Farmers' Union said higher energy costs meant it was no longer financially viable for many growers to operate. It also said a tomato disease has wiped out a lot of crops across northern Europe. Industry analyst James Walton said Brexit had played a part in distribution problems.

17. The increasing use of artificial intelligence in our lives is creating waves in academia. Three universities in Australia have adopted what seems like a landmark policy. They're allowing students to use AI when taking assessments, though under strict conditions. Professor Romy Lawson said, "instead of banning students from using such programmes, we aim to assist academic staff and students to use digital tools to support learning." The internet abounds with AI text generators. These can be used to create essays that look authentic enough to fool examiners. The content created by these AI tools evade detection by even the smartest of anti-plagiarism tools.

They caused huge loss of life and damage in south-east Turkey and in neighbouring Syria. President Erdogan warned of the danger of a large number of aftershocks. He said, our teams are working to reach the disaster areas. We are rapidly continuing the search and rescue operations, despite the difficulty of the conditions and the terrible weather.

19. A new discovery has given scientists a better idea of the kinds of sounds dinosaurs made. The scientists examined a rare fossil. It was from a spiky armoured dinosaur called an ankylosaur. The fossil is around 78 million years old. It includes a record of the ankylosaur's voice box. It is the world's oldest fossil of a voice box. The scientists believe the shape of the creature's voice box means it probably made bird-like sounds. The research was led by Professor Junki Yoshida, a dinosaur researcher at the Fukushima Museum in Japan. Dr Yoshida did many tests on the shape of the fossilised voice box. He compared it with the voice box of dozens of birds, crocodiles, lizards and turtles. They now have a good idea of what the muscles around the voice box looked like. The muscles controlled the windpipe and sounds of the voice box. Yoshida's research may mean that movies like Jurassic Park got it wrong.

20. Little is known about the geology of the very centre of the Earth. It was believed our planet had just one core, a scorching hot mass of molten rock and gas, surrounded by a solid rock mantle. The mantle is a ring between the Earth's crust and core. The core is found 2,900 kilometres below Earth's surface. It has a radius of 3,485 kilometres. Scientists from the University of Chicago have discovered that there may be a second core deep below our feet. Research has led geophysicist Dr Swin Young Park to believe there is another core. She analysed data from a 560 kilometre deep earthquake. Her calculations showed the possibility of a second core, consisting of a layer of fluid rock at the bottom of the mantle.

A 【解析】 根据定位句可知,可能存在由地幔底部的一层流体岩石组成的第二个地核。由此可知,地球可能存在的第二个地核由一层流体岩石组成,故选 A。

Section D

At the end of the 19th century, people were excited by new scientific discoveries, which seemed to promise so much for the future. And no writer expressed this feeling so much as H. G. Wells. Wells, who died in 1946, was an extremely prolific writer. (21) His literary output was vast and extremely varied. He was born in 1866 in Bromley, Kent, the son of a professional cricketer, and was apprenticed to a cloth retailer in his early life. This period of his life was reflected in several of his novels. He became an assistant teacher at Midhurst Grammar School, studying by night and eventually winning a scholarship in 1884 to the Norman School of Science in London, where he came under the lasting influence of T. H. Huxley. Huxley was a successful lecturer and the grandfather of the more famous Aldous Huxley. For some years, endlessly fighting illness, Wells struggled as a teacher, studying and writing articles in his spare time. As a writer and thinker, he held extremely independent views, but as a writer, he is perhaps best remembered for his scientific novels, which were amongst the earliest products of the new genre of science fiction. (22) He used his knowledge of science as the starting point for a series of exciting and fantastic stories.

His first story, *The Time Machine*, which he wrote in 1895, is a social allegory set in the future. It describes a society divided into two classes, the subterranean workers, called Morlocks, and the decadent Alloy. (23) This was followed by many more equally successful novels, which combine in varying degrees political satire, warnings about the dangerous new powers of science, and a desire to foresee a possible future. Wells' preoccupation with society, as well as just science, distinguishes him from many other writers of the time. Another group of his stories evokes in comic and realistic style the lower middle class world of his youth. (24) The History of Mr Polly, which he wrote in 1910, recounts the adventures of Alfred Polly, an inefficient shopkeeper, who liberates himself by burning down his own shop and bolting for freedom, which he discovers as an odd job man at the Portwell Inn. Despite the fact that to critics his novels eventually began to show less creativity, Wells continued to reach a huge audience. His many works on the theme of scientific and political speculation confirmed his position as one of the great popular writers and one of the most influential voices of his age. The pessimism of his last prediction, *Mind at the End of Its Tether*, which he wrote in 1945, may be seen in the context of his own ill health and the course of the Second World War. (25) One of his last statements urged man to confront his grave and tragic destiny with dignity and without hysteria.

30. D **译文** 如果我明天去旅行,我昨天就买票了。
解析 本题考查虚拟语气。由 if 从句中时间状语 tomorrow 和主句中的时间状语 yesterday 可知,该题考查的是错综时间条件句。第一空格处,if 从句是对将来的虚拟,谓语部分可以使用 were/were going,C 项和 D 项符合;第二空格处,主句是对过去的虚拟,谓语部分用 could/would/should/might + had done 结构,排除 C 项,故选 D。
31. A **译文** 这是艾德里安和简的儿子。他每周日都去教堂做礼拜。
解析 本题考查语法知识。第一个空格处考查所有格形式,空格后是名词单数,因此填入 Adrian and Jane's,A 项和 D 项符合;第二空格处考查冠词,该句有一个时间状语 every Sunday,因此空格处不填任何冠词,go to church 固定短语,意为“(去教堂)做礼拜”,排除 D 项,故选 A。

34. A **译文** 他出色的能力使他能在这这么短的时间内在公司得到提拔。
解析 本题考查 make 的复合宾语结构。make 后接宾语和宾语补足语构成复合宾语,宾语可以指人或物,宾语补足语为形容词或者非谓语动词结构,根据四个选项可判断出原句符合 make + 宾语(指物) + 宾补(possible),意为“使……成为可能”。宾语指代物,如果是代词,必须放在 make 后,但是如果是名词,可以放在 make 后,也可以放在宾补后。此外如果宾语较长,可以使用 it 作形式宾语,真正的宾语用动词不定式结构放在宾补的后面,但原句中的宾语是名词结构(在短时间内得到公司提拔),不是动词不定式结构,所以原句并没有使用 it 作形式宾语,故选 A。
35. B **译文** 陈教授对 19 世纪英国文学研究最重要的贡献是他坚持认为应该在宗教和世俗的参照系中进行分析。
解析 本题考查特殊句式。insistence 意为“坚决要求;坚持主张”,后接 that 从句为同位语从句,该从句的谓语部分需要使用 should + 动词原形,其中 should 可以省略,此处表达被动含义,故选 B。

38. C **译文** 要是与整个地球的面积相比,最高的山就显得一点也不高。
解析 本题考查非谓语动词。动词 compare 与句子的主语 mountain 之间构成逻辑上的动宾结构,因此使用过去分词 compared 作状语,排除 B 项和 D 项,根据前后句意,要选的连词表示条件,when 符合题意,故选 C。
39. A **译文** 马歇尔:你知道詹森家里的电话号码吗?
帕姆:我一时想不起来,你也许可以在电话簿上查一下。

解析 本题考查交际用语。A 项为“我一时想不起来”, B 项为“别拿我出气!”, C 项为“你应该留意一下的”, D 项为“这不是我的菜”, 空格前一句, 马歇尔问帕姆知不知道詹森家的电话号码, 空格后一句帕姆让马歇尔在电话簿上查一下, 由此可知马歇尔也不知道詹森的电话号码, 四个选项只有 A 项符合上下文语境, 故选 A。

40. C **译文** 朱蒂: 你看起来气急败坏。这是怎么回事?

安迪: 老板太不讲理了! 他对我大发雷霆, 怒不可遏。

朱蒂: 嗯, 他最近压力很大。公司一直在亏损, 他有点沮丧。

解析 本题考查交际用语。A 项为“我很同情你”, B 项为“不可能那么糟”, C 项为“你为什么这么说”, D 项为“这可能发生在任何人身上”。空格前一句, 安迪说老板不讲理, 对自己发火, 空格后一句, 安迪说“我只是多复印了几份, 我觉得没什么大不了的, 但他却对我大发雷霆”, 该部分内容是告诉朱蒂“老板对自己发火的原因”, 由此可知, 空格处一定是朱蒂问原因, 故选 C。

Section B

46. weakened

解析 该句的意思是“后果是经济_____、劳动力短缺、社会项目大幅削减, 以及劳动力的税收大幅增加”。空格前为 be 动词, 空格后是名词, 故空格处填入的是形容词, weak 意为“虚弱的”, 不能与 economy 搭配, 而 weaken 的过去分词 weakened 意为“疲软的; 减弱的”, 该处指经济疲软, 符合句义, 故填入 weakened。

48. ambitious

解析 该句的意思是“欧洲和亚洲各国政府推出了_____计划, 鼓励夫妇生育更多孩子”。空格处前面是动词, 后面是名词, 所以空格处填入的是形容词, 根据后面动词不定式内容“鼓励夫妇生育更多孩子”可知, 这个计划(或项目)是具有积极语义色彩的, 结合提示字母, 故填入 ambitious。

49. reverse

解析 该句的意思是“人口下降的趋势很难_____”。空格处前是动词不定式标记 to, 所以空格处填入的是动词原形。该句前面提到政府的积极措施, 即“鼓励多生育”, 该句中的 but 表示转折, 言下之意, 计划很难实施, 或者很难改变这种下降的趋势, 结合提示字母, 故填入 reverse。

50. competitive

解析 该句的意思是“如何在保持经济在全球市场_____同时,使社会对婚姻更加友好,尤其是对已婚女性的婚姻友好”。空格处前面的 keep 和 economy 构成 keep 的复合宾语结构,即 keep + 宾语 + 宾补,意为“保持……状态”,该句中的 dilemma 意为“两难之处”,分别指“在全球市场保持经济_____的状态”和“让社会对婚姻更加友好”,对经济的状况,应该是保持积极向上的状态,结合提示字母,故填入 competitive。

Part IV

(30 marks)

Section A

51. G

解析 全文的横线处要求填入的都是“专家给高智商孩子父母的建议”,浏览后面的七个选项可知,B 项意为“专家称,神童不可能过‘正常’的生活”和 E 项意为“公共资金应该用来帮助天才们实现他们的目标”,不属于专家给父母的建议,直接排除。该处横线后的句子提到,专家建议高智商孩子父母不要用计划好的活动去填满孩子的时间,他们应当努力不要有太强的控制欲。言下之意,不要过多规划孩子的生活,备选项中 G 项意为“不要过度规划孩子的生活”。符合语境,故选 G。

53. D

解析 横线后的句子提到,“有三个原因说明这个标签可能毫无帮助”,这里的标签指代的是天才。上段提到,卡尔的父母知道卡尔是个天才,但他们也知道他们永远不应该使用这个词,即“天才”,也就是该段中给孩子贴的“标签”,所以该段主旨句是要表达“不应该给孩子贴上‘天才’的标签”,接着分析不能这样做的三个原因,备选项中 D 项意为“不要称你的孩子为天才”。符合题意,故选 D。

54. A

解析 横线后的句子提到,对于那些养育非常聪明的孩子的父母来说,与社会孤立作斗争可能是最大的挑战。接着作者再次以卡尔为例说明卡尔很难找到容纳他的学校和朋友圈,并指出他的社交生活滞后,由此可知,卡尔虽然天赋异禀但并不受欢迎,所以专家建议不要期望你的孩子受欢迎。A 项意为“不要期望你的孩子受欢迎”,符合语境,故选 A。

55. F

解析 横线处的后一句提到,阻止孩子上高年级和上大学不会对他们的社交有帮助,这里的“上高年级和上大学”属于 educational advancement(即教育上的进步),由此可知,在此处专家建议,不要为了让孩子有正常的社交而阻止他们升级深造,F 项意为“不要为了给孩子一个‘正常’的养育而牺牲教育上的进步”,符合题意,故选 F。

解析 题目问的是为什么作者把游戏型爱人称为“游戏玩家”。根据题干中的 The player Ludus 定位到第五段,该段第二句提到,他们(指 Ludus-style lovers)把爱情看成是一场游戏,经常不止一个伴侣,因为游戏(game)的双方被称为玩家(player),所以作者把游戏型爱人称为“游戏玩家”。由此可知本题答案。

58. Pragma lovers have pre-conditions for relationships, while Storges often find love comes naturally from friendships.

解析 题目问的是友谊型爱人和务实型爱人有什么区别。根据题干中的 Storge lovers 和 Pragma lovers 定位到第七段最后一句,作者将这两种爱人进行比较,相似性是二者不注重激情和浪漫,不同之处是务实型爱人有恋爱的先决条件,而友谊型爱人经常发现爱情由友谊自然转化而来。由此可知本题答案。

59. John belongs to Eros-type lover.

解析 题目要求读下面的句子,确定约翰的爱情风格:即使在一起待了三年,约翰仍然喜欢请他的女朋友吃浪漫的晚餐,并送礼物给她一个惊喜。由此可知,约翰 1) 是个喜欢浪漫的人;2) 对伴侣或爱人的喜欢会持续很久(超过三年),这些符合第一种爱情风格,由此可知本题答案。

Section A

66. 古城开封,坐落在泥沙淤积的黄河边,在公元 1000 年时绝对是世界上最重要的城市,十一世纪的开封是宋朝的京城,人口过百万。在北京的故宫博物院,如今收藏着一卷 17 英尺长的轴画,古城开封的繁华跃然画中。

句式分析

1. 第一句为主系表结构。主语 Kaifeng 后面的 an ancient...River 作主语的同位语, mud-clogged 意为“泥沙淤积的”, by far 意为“(程度上)远远超过”,一般用于最高级前面, ancient city 意为“古城”,翻译时可以和原主语并列,翻译为“古城开封”。

2. 第二句的难点是非限制性定语从句 when it was...Dynasty 的处理,翻译时和前面的先行词合并,注意 capital 的翻译,古代的“首都”称为“京城”。

3. 第三句为主谓宾结构。主语是 painted scroll“轴画”,谓语动词是 shows“显示;描绘”,宾语是 the bustle and prosperity“喧嚣与繁荣”,直译为“一卷 17 英尺长的轴画,现在在北京故宫博物院,描绘了古城开封的喧嚣与繁荣”,显然不符合汉语表达习惯。在直译的基础上,调整语序,将地点放在最前面,增加动词“收藏”,由于“喧嚣”与“繁荣”意义接近,都是要描绘古城开封一派繁华的景象,用“繁华”一词替代即可。

高频词汇

mud-clogged *adj.* 泥沙淤积的
scroll *n.* 卷轴

bustle *n.* 喧闹,繁忙
prosperity *n.* 繁荣,兴旺

At the same time, one should also have as much direct contact with the world as possible to enrich one's personal experience and broaden one's horizon. When one applies theory in practice and draws on both direct and indirect experience, he will gain true knowledge.

句式分析

1. 第一句是祈使句。两个动词“读”和“行”分别译为“read”和“travel”,原句是对偶修辞,翻译时尽量保持字数对等。“万卷书”和“万里路”分别译为“ten thousand books”和“ten thousand Li”。

2. 第二句较长,是对“读万卷书,行万里路”的解释,小句较多,都是无主句,翻译时需要添加主语 one(可以指代人们或任何人),原句有多个动词:“读书”“丰富”“掌握”“接触”“开阔”和“增长”等,翻译时需要确定一个主要动词作为谓语动词,其他动词可以处理为非谓语动词。分号前后的句子是并列关系,前句可理解为“这句话的意思是人们应当努力读书,尽可能地获取多的书本知识,从而获得间接经验”,后句可理解为“同时,人们还应当尽可能地接触实际,以此丰富自己的亲身体验并开阔眼界”,注意前句中的“丰富书本知识”,指的是“从书本获得更丰富/更多的知识”,后句中的“开阔眼界”和“增长见识”意思相近,翻译时只需翻译一个就可以了。“间接经验”可译为 the experience of others 或 others' experience,“自己的亲身体验”可译为 one's personal experience,两者相对应。“接触实际”指的是“直接接触外面的世界”,可译为 have direct contact with the world。

3. 第三句翻译时注意隐含的逻辑关系,添加从属连词和主语,原句可以这样理解:如果一个人将理论运用于实际中,将间接经验和直接经验相结合,那么他就有真才实学。这里的“真才实学”指的是一个概念,可译为 true knowledge,由于“学以致用”指的就是“理论与实际相结合”,翻译时可省去不译。“理论与实际相结合”即“将理论运用于实际”,可译为 apply theory in practice,“间接经验和直接经验相结合”可译为 draw on both direct and indirect experience。

68. Under no circumstances will I

解析 题干要求使用所给单词完成第二个句子,使其与第一个句子意思相近。第一个句子意思是“我绝对不会同意你退学的”。第二句子意思是,_____同意你退学。所给单词是 circumstances,意为“情况”,可搭配短语 under no circumstances,意为“在任何情况下都不”,该短语置于句首时,句子要部分倒装,Under no circumstances will I agree to you dropping out of school,意为“在任何情况下我都不同意你退学”,与第一句意思相近,因此,空白处应填入 Under no circumstances will I。

69. A 和 F.

解析 题目问的是“通过折叠给定的图形,可以得到哪个立方体”。为了方便理解,我们对所给图形中的

正方形进行如下标记,

。通过观察可知,该题主要考查空间感。将所给形状右侧部

分向下向左折叠,上侧和下侧分别向下折叠,可以得到立方体,六个面两两相对,2对4,1对6,3对5,所以2和4、1和6以及3和5不可能相邻,排除B(3和5相邻)、C(2和4相邻)、D(2和4相邻)和E(1和6相邻),因此,答案为A和F。

70. Envelope.

解析 题目问的是“哪个单词以字母e开头也以字母e结尾,却只有一个‘字母’”。题干中的 letter 除了有“字母”的意思还有“信件”的意思,由于 envelope(意为“信封”)以e开头也以e结尾,而且代表一份“信”,符合题意,因此,答案是 Envelope。

71. B.

解析 题目问的是哪一项是图形中缺失的部分。观察图形可以找到规律,第三行四个图形的顺序与第一行四个图形的排列顺序正好相反,第四行四个图形的顺序与第二行四个图形的排列顺序正好相反。因此,答案是B。

72. The 1st (ground) floor.

解析 题目问的是一栋楼有四层,楼层越高,住的人越多,电梯最常去哪一层?根据常识,对于四层楼房,电梯每次使用后都回到第一层,而电梯是楼层越高,人越多,所以电梯最常去第一层。因此,答案是 The 1st (ground) floor。

73. wood→wooden

解析 该句的意思是“涨潮的海水不断地侵蚀着一楼公寓的木门和百叶窗”。句中的 wood 多用于名词,意为“木材,木头,木料,树林”,如果修饰名词,应该使用其形容词形式,即 wooden,意为“木制的”。因此需将 wood 改为 wooden。

74. have→has

解析 该句的意思是“人口在50年内从10万减少到7万”。该句主语是 population,不可数名词,谓语动词要用单数。因此需将 have 改为 has。

75. predictability→unpredictability

解析 该句的意思是“洪水最糟糕的地方在于它的可预测性”。该句语义前后矛盾,前面说最糟糕的,后面表达“可预测性”。因此需将 predictability 改为 unpredictability。

76. damages→damage

解析 该句的意思是“无价的壁画容易受潮,有被水永久损坏的危险”。damage 是不可数名词,没有复数形式。因此需将 damages 改为 damage。

77. foot→feet

解析 该句的意思是“游客发现他们每年有50次在圣马可广场湿了双脚”。foot 指人的脚,是可数名词,复数形式为 feet,原句中的“脚”是复数概念。因此需将 foot 改为 feet。

78. constantly→constant

解析 该句的意思是“半个世纪以来,人们一直在争论如何拯救这座城市”。该句是 there be 句型,constantly 是副词,修饰动词或形容词,而句中的 debate 是名词,前面应该用形容词修饰。因此需将 constantly 改为 constant。

79. more

解析 该句的意思是“连续多年涨潮的次数在80至100次之间不等,没有任何明显的趋势”。more apparent trend 意为“更加明显的趋势”,该句没有比较的对象,不需要使用比较级,more 是多余的,因此需将 more 去掉。

80. raised→risen

解析 该句的意思是“可以肯定的是,亚得里亚海在过去的50年里上升了23厘米”。raise 是及物动词,意为“提高;增加;升起”,后接宾语,原句是说“亚得里亚海海平面上升了多少”,因此需将 raised 改为 risen。

81. and→or

解析 该句的意思是“这可能是全球因素造成的,和当地工厂大量抽取地下水造成的”。该句是分析亚得里亚海海平面上升的原因,可能是“全球因素”,也可能是“当地工厂大量抽取地下水造成的”,这两个原因是选择关系,并不是同时存在,因此需将 and 改为 or。

82. is A plan → a

解析 该句的意思是“计划 2030 年前在海床上安装屏障”。该句是 there be 句型的单数形式 there is, plan 是可数名词,因此需在 plan 的前面加上 a。

范文

Zoos are Prisons for Animals

Zoos are prisons for animals rather than sanctuaries. Animals kept in captivity often suffer physically and psychologically. They are deprived of all control over their lives. I am for the idea that animals have the right to live as they wish, without being subjected to the desires of human beings.

In the past, animals and humans formed an inseparable relationship. With the acceleration of human industrialization and urbanization, overhunting has resulted in a massive decrease in the population of animals. A large number of animals have lost their natural habitats and are even in the danger of extinction. In modern society, people regard animals as commodities and tools for entertainment, and zoos are a good example. Some zoos make animals behave unnaturally: for example, marine parks often force dolphins and whales to perform tricks. In view of these, we need to re-examine our relationship with animals in order to seek a more balanced and sustainable future.

Ultimately, we need to protect animal habitats and ecosystems. Coexistence with animals, especially wildlife is essential for all life, humans and animals alike.
